

District 33A  
Sightmobile, Inc.

## District 33-A Sightmobile Screening Information

To have a successful screening, we recommend the following:

- Minimum of one Eye Doctor. Without a doctor, there can be no analysis / recommendation for referrals of the screening results
- Five support staff to run the 2 vision screening machines, tonometer, hearing booth and non-mydratic retinal camera
- A driver who is familiar with the Sightmobile and the Sightmobile equipment (generator, levelers, etc.)
- Two nurses / EMTs for testing for glucose and blood pressure.
- Two people for signing in people at the door

In addition,

- You need to advertise extensively
- Do the screening at a school or senior center or town function to increase publicity and usage.

Remember:

- Absolutely no donation canisters or raffles.
- Display information about Lions, your club, eye care pamphlets.
- No membership drives permitted
- No smoking or drinking in the Sightmobile
- No attaching posters or banners on the coach – inside or outside
- There are only 2 seats (drivers and passenger) when transporting the Sightmobile.

### Supplies needed for a screening for District 33-A Sightmobile

Since each event may screen 50 – 100 people, supplies may be exhausted quickly.

- Paper towels (preferably folded variety)
- Alcohol-free, fragrance-free wipes (baby wipes) to clean headrests and chinrests of Vision screening machines, Tonometer, Non-mydratic Retinal camera and hearing booth headphones after each person's use ( get Equate brand at Walmart. Refills are approximately \$5.00 for 240 wipes)
